

MENSA INTERNATIONAL YOUTH FESTIVAL

12-13 OCT 2019
KUALA LUMPUR
MALAYSIA

Creative Problem Solving Through Mathematics

The Mensa International Gifted Youth Committee in collaboration with the Julia Robinson Mathematics Festival (JRMF.org) and the Malaysian Mensa Society (mensa.my) presents two days of creative and exciting learning.

Multiple activity stations provide children with the opportunity to think critically and explore the richness and beauty of mathematics through collaborative, creative problem-solving.

Join like minds from around the world in this celebration of youth, logic, and intelligence.
